

**Probably the most attractive investment opportunity
you have EVER been offered...
in the most exciting city in the world...**

This is an *exclusive* personal invitation to you from The First Group.

It is an opportunity that could change your life.

This is a very special chance to invest and share in Dubai's continued growth and success? How excited would you be, to know that as Dubai grew, so would your investment?

This is how it works:

-  **The First Group** build landmark hotels in high demand areas in Dubai, like Dubai Marina and TECOM.
-  We then offer units in our hotels to specially selected individual investors who **enjoy lucrative, locally tax-free returns** from the rental income and capital appreciation of those units.
-  We then partner with the world's leading hotel operators to ensure our investors' hotels **enjoy high occupancy levels with optimal room rates, together with great rental rates.**

Our partners are household names and leaders in the field of hospitality. The **Wyndham Hotel Group** enjoy unrivalled expertise in optimising returns for our investors. Wyndham have sizeable market reach, high brand recognition, and millions of loyal guests – this drives high occupancy and rental rates.

This quite extraordinary investment opportunity is only offered to specially selected high net-worth individuals like yourself. Because of its exclusivity, we expect a very high level of interest.

So, if this is potentially attractive to you, we would respectfully suggest you contact us at your earliest convenience, to avoid disappointment.
