Dear Mr Sample

**“Europe's outstanding political and cultural monthly”**  
*Andrew Marr*

*Prospect* is essential reading for extraordinary times...

The leading monthly current affairs magazine in the UK, *Prospect* confronts the major issues of tomorrow – *today*. Each month, we bring you leading minds from around the world – and challenge them to address the foremost issues affecting our world today.

*Prospect* drives debate, by being forward-looking and thought-provoking. We are not allied to any political party. We speak for the argumentative centre, based on fact and analysis.

2015 will be an exciting year for *Prospect* magazine, as we will be at the very centre of political debate surrounding the General Election. We will be examining the big issues in depth and reporting direct from Westminster. We will also be celebrating our landmark 20th Anniversary of the magazine in October.

But, don't just take our word for it. Why not try *Prospect* for yourself and see what we're all about. With this great offer, there has never been a better time...

## The most quoted monthly magazine in the country

It seems as if everyone is talking about *Prospect*. Recent press coverage includes;

*The FT, Spectator, Guardian, BBC, Telegraph, the Evening Standard in London, Independent – and, press in the U.S, Germany, France, Spain, Poland, Australia, Brazil and Afghanistan.*

*Prospect* is a magazine with attitude. And is absolutely essential reading for the great minds of today.

*“In the sound-bite world of broadcasting we need something to put it all in perspective. Prospect does that brilliantly. The added bonus, is it’s amusing too”*

John Humphrys, BBC Radio 4

*Prospect* is always ahead of the game when covering topics of world concern, for example, in our December 2012 edition when we successfully predicted the bounce-back of the American economy.

The magazine delivers cutting-edge and contrarian argument on current affairs and culture, in-depth and in advance. You may not always agree with what we’re saying – but you can be sure it will promote great debate and challenge current thinking.
